## Education

### Secondary Education

List all high school or other secondary schools you have attended.

Dates From - To	Name of School	Location	Diploma Received

*\*\* Applicants must be eligible to enter Freshman English I and Technical Mathematics V their first semester and must successfully complete Introduction to Chemistry by their third semester of the Veterinary Technology Program. For high school applicants, ACT or equivalent placement scores, as well as, 7th or 8th semester grades must be submitted.*

### Post-secondary Education

List all formal education beyond high school, if applicable.

Dates From – To	Name of School	Location	Diploma Received

*\*\* Official transcripts from all previous colleges/universities attended must be submitted to the Admissions Office.*

***Please keep in mind that your success in the Veterinary Technology Program depends to a large extent on your commitment to devoting the time necessary to complete the class assignments. You should plan to spend a minimum of 3 hours studying outside of class for every hour you are in class, which may limit your time to pursue employment. You will be responsible for “kennel duty” during the week. Also, the Veterinary Technology Program is a two-year program that may require a substantial financial commitment including tuition, books, uniforms, vaccinations, club fees/ activities, State meetings, travel expenses, Veterinary Technician National Exam, etc.***

Signature: \_\_\_\_\_

## Experience

*\*\* Applicants must have 20 hours of work experience/observation/shadowing in a clinic setting. The Affidavit of Work Experience/Observation form must be signed by a doctor of veterinary medicine.*

Please list other experiences you have had with animals (caring for pets, livestock, 4-H, animal shelter, kennel work, etc.)

---

---

---

Why do you want to become a veterinary technician? Please explain.

---

---

What research did you do to learn about a veterinary technician?

---

---

What role in veterinary medicine do you think a veterinary technician plays?

---

---

Do you intend on continuing your education to become a veterinarian?

Yes \_\_\_\_\_ No \_\_\_\_\_

If you answered yes, explain why you chose to become a veterinary technician first.

---

---

*\*\* The classes in the veterinary technology curriculum **will not** transfer towards the curriculum for a veterinary program.*

This program requires a large time and financial commitment. You will be responsible for "kennel duty" during the week, will be graded. Will this be a problem for you?

Yes \_\_\_\_\_ No \_\_\_\_\_

If yes, please explain.
