Bachelor of Science in Management

Bachelor of Science

Management

**A-State Degree
Center on the Beebe
Campus**

WHY STUDY MANAGEMENT?

From large Fortune 500 businesses to small, family owned firms, all organizations need managers to plan the company's work, organize its people and processes, and lead its effort toward goal attainment.

What Do Managers Do?

Managers direct the work of others

Managers define the mission of and set the goals for their organizations

Managers serve as leaders of individual work groups

Emphasis Areas

The Major in Management offers a broad professional curriculum designed to prepare students for careers in managing businesses or not-for-profit organizations.

MANAGEMENT INTERNSHIPS

The Department of Management offers seniors the opportunity to spend one semester as interns, gaining practical experience working with a regional firm under the supervision of an experienced professional. Many students have found that serving as an intern strengthens their resume and enables them to more clearly define their career path.

CAREER OPPORTUNITIES

Career opportunities include:

Labor Relations Manager

Compensation and Benefits Manager

Small Business Owner

Team Leader

Plant Manager

General Manager

Operations Manager

Human Resources Manager

Training and Development Coordinator

Safety and Health Specialist

TRAVEL ABROAD

Many Management majors are taking advantage of international travel opportunities through the College of Business. The direct exposure to other cultures and foreign-based firms is invaluable to A-State graduates who are competing with graduates from other universities for the best jobs. These trips are led by management faculty who combine direct application of management concepts observed through plant visits with fun, site seeing adventures to another country.

A-State Management Graduates

have accepted positions with

companies such as:

Alltel

American Greetings
