

August 18, 2021

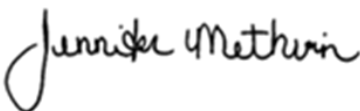

Vanguard Community,

Vaccinations, face coverings, and social distancing are the best methods to ensure that we move beyond this health crisis, and all of us are ready to have this pandemic behind us. Today, I ask you to keep in mind these four things:

1. COVID-19 Vaccination Clinics will be held on our campuses August 19 and 20, 2021. You will find the full information in Update #39 on our Coronavirus Information page, linked here: [ASUB Vaccination Clinics August 19 and 20](#). Walk-ups are welcome at the clinics.
2. If you would like to hear why other members of the Vanguard Community chose to get vaccinated, check out our video linked here: [Why I Got Vaccinated](#).
3. If you are not vaccinated, I highly recommend that you seek guidance from your personal healthcare provider. Extensive information from the Centers for Disease Control and Prevention (CDC) can be found on the [CDC Vaccines](#) page.
4. Please be aware that the CDC recommends that **“you should be vaccinated regardless of whether you already had COVID-19.”** Please find these recommendations and answers to other frequently asked questions at: [CDC Frequently Asked Questions about COVID-19 Vaccination](#).

I encourage each of you to participate in these efforts to #VanGUARDYourHealth and #ProtectOthers. Let's get COVID-19 behind us!

Sincerely,

Jennifer L. Methvin, Ph.D. | Chancellor
