## MESSAGE FROM THE PRESIDENT

December 14, 2018

Fiscal year 2018 was another successful year for the Arkansas State University System. The consolidated annual financial report that follows presents the results of our happenings.

Enrollment during Fall 2017 was 23,182 compared to 23,995 for Fall 2016. During fiscal year 2018, 8,261 certificates and degrees were awarded to our students compared to 8,225 during fiscal year 2017.

The Arkansas State University System and our campuses are committed to growth and building a better future for all stakeholders, including faculty, staff, students, and the communities we serve. The Jonesboro campus named the College of Business the "Neil Griffin College of Business" in honor of F. Neil Griffin's significant contributions. ASU-Beebe, Mid-South and Newport participated in energy performance upgrades to their respective campuses. Beebe's project included lighting retrofits and replacements, water conservation, and HVAC upgrades. The improvements at Mid-South included lighting retrofits and replacements, window replacements, upgrades to the Energy Management System, and HVAC upgrades. Newport's three campuses included lighting retrofits and replacements, solar power generation, HVAC equipment, and HVAC controls upgrades. ASU Mountain Home was ranked the #1 Community College for 2017-18 by WalletHub. This was based on an analysis of 715 community colleges.

State appropriation revenues for fiscal year 2019 are expected to increase slightly from fiscal year 2018 levels. The new productivity funding model has been implemented. We remain confident that we will be able to maintain comparable funding levels, contain costs, and continue to provide a quality education.

Economic indicators at the national level continue to point to a stronger economy that will provide greater opportunities to strengthen our campuses. We will continue to seek innovative strategies that allow us to provide a valuable educational experience for our students and to serve our state and each of our local communities.

Sincerely,

A handwritten signature in blue ink, appearing to read "Charles L. Welch".

Dr. Charles L. Welch  
President

## **LETTER OF TRANSMITTAL**

December 14, 2018

To: President Welch,  
Members of the Board of Trustees,  
Residents of the State of Arkansas

I am pleased to present the Comprehensive Annual Financial Report of the Arkansas State University System for the fiscal year ended June 30, 2018. This report is presented on a consolidated basis and reflects the consolidation of the assets, liabilities, deferred inflows, deferred outflows, net position, and financial activities of the Jonesboro, Beebe, Mid-South, Mountain Home, and Newport campuses of the University. Combining exhibits are presented as supplementary information.

The responsibility for the accuracy and reliability of the information contained in this report lies with management. The financial statements are presented in accordance with generally accepted accounting principles. The University's accounts are maintained using the principles of accounting applicable to public colleges and universities as established by the Governmental Accounting Standards Board. Because the cost of internal controls should not exceed the anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance the financial statements are free of material misstatements. Arkansas Legislative Audit has audited the financial statements, management's discussion and analysis, and accompanying footnotes and its unmodified opinion is included herein.

Management's discussion and analysis (MD&A) is included in this report preceding the basic financial statements. This section of the Comprehensive Annual Financial Report is intended to assist readers in gaining an understanding of the University's financial activities and position for the fiscal year ended June 30, 2018.

### **University Profile**

Arkansas State University began in Jonesboro in 1909 as a state agricultural school. Arkansas State University-Jonesboro was granted university status by the Arkansas General Assembly in 1967.

Arkansas State University-Beebe began in 1927 as Junior Agricultural School of Central Arkansas. In 1967, the campus became Arkansas State University-Beebe.

Effective July 1, 1992, Arkansas State University began administrative operations at the Mountain Home campus.

# Transmittal Letter (Continued)

In 1998, the Arkansas State University System was created to restructure the individual campuses as a system.

The governing body of the University is its Board of Trustees which is comprised of five members appointed by the Governor of Arkansas.

Arkansas State University follows Governmental Accounting Standards Board (GASB) Statement Number 39, *Determining Whether Certain Organizations are Component Units*. Based on the criteria of this standard, the University has determined the ASU Foundation, Inc. and the ASU Red Wolves Foundation, Inc. are a component units of the Arkansas State University System. The financial statements of both of these foundations have been discretely presented in this report.

The Arkansas State University System serves to advance the educational and economic growth of Arkansas by supporting the Board of Trustees and providing administrative support to all of the ASU campuses and entities. In addition to the various academic programs leading to degrees, the ASU System supports significant programs for the State and region including economic development initiatives, leadership in the Arkansas Biosciences Institute, and Arkansas Heritage Sites.

While each campus functions autonomously in its day-to-day operations, system administration coordinates various operations that are more efficiently carried out on a system-wide basis. In addition to the President's Office, administrative functions of system administration include legal services, governmental relations, university advancement, internal audit, benefits and risk management, fiscal management, strategic communications, and economic development.

ASU offers programs at the doctoral, specialist, master's, bachelor's, associate's, and certificate levels. During the academic year ended June 30, 2018, the ASU System conferred 2,224 graduate degrees, 1,837 bachelor's degrees, 1,765 associate's degrees, and 2,435 certificates. Enrollment across the ASU System for the Fall 2018 semester totals over 23,000.

## **Financial Award and Acknowledgements**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Arkansas State University System for its comprehensive annual financial report for the fiscal year ended June 30, 2017. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report (CAFR), whose contents conform to program standards. Such a CAFR must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of only one year. The Arkansas State University System has received the Certificate of Achievement annually since the fiscal year ended June 30, 2012. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to the GFOA.

The preparation of the Comprehensive Annual Financial Report in a timely manner would not have been possible without the coordinated efforts of the Controller's Office at

# Transmittal Letter (Continued)

the Jonesboro campus and other University financial staff. Each member has our sincere appreciation for their contributions in the preparation of the report.

## **Economic Indicators**

Gross general revenues for the state increased 2.7% for fiscal year 2018. This was a result of sustained growth in individual income tax collections and lower than expected deductions from gross revenue. The state's unemployment rate as of June 2018 was 3.8%, a slight increase from 3.7% in June 2017. This rate remained below the national rate of 4.0% in June 2018. Arkansas continues to remain below the national rate which continues to increase strength in the state economy.

## **Financial Highlights**

The ASU system continues to seek ways to expand revenues and contain costs while maintaining an excellent educational experience for students. Total revenues for fiscal year 2018 increased by 1.35%. Total assets and deferred outflows decreased slightly by 0.13%, while liabilities and deferred inflows increased by 2.03%. Additional information about these percentages and the overall financial health of the University may be found in management's discussion and analysis contained in this report.

Fiscal year 2018 presented the University with many opportunities as well as challenges, such as lower enrollment. The University met the challenges and ended with a productive year for the A-State system. As the University continues to face obstacles of lower enrollment and minimum increases of state appropriations; A-State will work attentively to continue to create opportunities for the students and the communities the University serves.

Respectfully submitted,

Ms. Julie Bates  
Executive Vice President and CFO

#### Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the aggregate discretely presented component units of the Arkansas State University System (University), an institution of higher education of the State of Arkansas, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the University's basic financial statements as listed in the table of contents.

#### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### *Auditor's Responsibility*

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Arkansas State University System Foundation, Inc. and the Arkansas State University Red Wolves Foundation, Inc., which represents 100% of the assets and revenues of the aggregate discretely presented component units. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Arkansas State University System Foundation, Inc. and the Arkansas State University Red Wolves Foundation, Inc., is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the Arkansas State University System Foundation, Inc. and Arkansas State University Red Wolves Foundation, Inc. were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Opinions*

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component units of the University as of June 30, 2018, and the respective changes in financial position, and where applicable, cash flows thereof for the year ended in accordance with accounting principles generally accepted in the United States of America.

# Independent Auditor's Report (Continued)

## ***Emphasis of Matter***

As discussed in Note 20 to the financial statements, the beginning net position, as reported on the Statement of Revenues, Expenses, and Changes in Net Position, was restated due to the implementation of Governmental Accounting Standards Board (GASB) Statement no. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, during the year ended June 30, 2018. Our opinion is not modified with respect to this matter.

## ***Other Matters***

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, certain information pertaining to postemployment benefits other than pensions, and certain information pertaining to pensions be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Other Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the University's basic financial statements. The Statement of Net Position by Campus, the Statement of Revenues, Expenses, and Changes in Net Position by Campus, and the Statement of Cash Flows by Campus are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Statement of Net Position by Campus, the Statement of Revenues, Expenses, and Changes in Net Position by Campus, and the Statement of Cash Flows by Campus are the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Statement of Net Position by Campus, the Statement of Revenues, Expenses, and Changes in Net Position by Campus, and the Statement of Cash Flows by Campus are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated November 26, 2018 on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

**ARKANSAS STATE UNIVERSITY SYSTEM  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
FOR THE YEAR ENDED JUNE 30, 2018**

## **Financial Statement Presentation**

This section of the Arkansas State University (The University) annual financial report presents discussion and analysis of the University's financial performance during the fiscal year ended June 30, 2018. This discussion and analysis is prepared by the University's financial administrators and is intended to provide information on the financial activities of the University that is both relevant and easily understandable. Information is also provided on the University's financial position as of June 30, 2017 as further explanation of the results of the year's financial activities. As shown in the information that follows, the overall financial position of the University has remained stable during the fiscal year.

The statements have been prepared using the format specified in Governmental Accounting Standards Board (GASB) Statements no. 34 and 35. GASB Statement no. 34 does not require the presentation of comparative information from the previous fiscal year but does require a discussion of any significant changes in the University's financial position or the results of its operations.

In June 2011, the GASB issued Statement no. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. This statement provides financial reporting guidance for deferred outflows of resources and deferred inflows of resources. The use of net position as the residual of all other elements presented in a statement of financial position has also been identified. This statement amends the net asset reporting requirement in GASB Statement no. 34 and other pronouncements by incorporating deferred outflows of resources and deferred inflows of resources into the definitions of the required components of the residual measure and by renaming that measure as net position, rather than net assets.

In March 2012, the GASB issued Statement no. 65, *Items Previously Reported as Assets and Liabilities*. This statement is related to Statement no. 63 in that it establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities.

In June 2012, the GASB issued Statement no. 68, *Accounting and Financial Reporting for Pensions*. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities.

In June 2015, the GASB issued Statement no. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. This Statement revises existing standards for measuring and reporting retiree benefits provided by the University to its employees.

In March 2016, the GASB issued Statement no. 81, *Irrevocable Split-Interest Agreements*. Although the effective date of the Standard is for fiscal year 2018, the University early implemented the requirements of the Standard in accounting for an irrevocable split-interest agreement at the Jonesboro campus in fiscal year 2017.

The University's financial statements for the year ended June 30, 2018 have been audited and Arkansas Legislative Audit has rendered the audit opinion contained herein. In accordance with Governmental Accounting Standards Board requirements this analysis includes a discussion of the significant changes between the two fiscal years ended June 30, 2018 and 2017 where appropriate.

## **Statement Discussion**

### **Statement of Net Position**

The Statement of Net Position is intended to display the financial position of the University. Its purpose is to present to the reader of the financial statements a benchmark from which to analyze the financial stability of the University. It is a "snapshot" of the University's assets, liabilities, deferred inflows, deferred outflows, and net position (assets and deferred outflows minus liabilities and deferred inflows) as of June 30, 2018, the last day of the fiscal year. Assets and liabilities are presented in two categories: current and noncurrent. Net position is presented in three categories: net investment in capital assets, restricted net position, and unrestricted net position. Restricted net position is divided into two categories: nonexpendable and expendable. A more detailed explanation of these categories is found in the notes that accompany the financial statements. A condensed version of the Statement of Net Position is displayed on the following page.

Readers of the Statement of Net Position can determine answers to the following key questions as of June 30, 2018:

- Did the University have sufficient assets available to meet its existing obligations and continue operations?
- How much did the University owe to external parties including vendors and lending institutions?
- What resources did the University have available to make future investments and expenditures?

**Assets and Deferred Outflows**

Total assets and deferred outflows decreased by \$869,000.

**Current Assets**

Current assets decreased by \$1 million.

**Cash and Cash Equivalents**

Cash and cash equivalents decreased by \$2.6 million. The Jonesboro campus had a substantial decrease of \$5.3 million. This was due to a reclassification of current cash and cash equivalents to noncurrent cash and cash equivalents. Newport also decreased by \$1 million due to the cash purchase of investments. Beebe, Mid-South, and Mountain Home had increases of approximately \$3.7 million. Beebe's increase was due to the increases in sales tax revenue, investment income, and state funding. Additionally, the campus saw decreases in salary and related benefit expenses. Mid-South's decrease was due to spending cash for a construction project.

**Short-term Investments**

Short-term investments increased by \$1 million. This increase was due to the purchase of certificate of deposits at the Beebe campus of approximately \$1.4 million. The remaining amount was a decrease at the Jonesboro campus due to a reclassification of investments held by the foundation to cash and cash equivalents.

**Accounts Receivable**

Accounts receivable increased by approximately \$500,000. All campuses, other than Jonesboro, had increases. Gross receivables increased by \$635,000. The Jonesboro campus's decrease of \$1.7 million was due to a decline in enrollment during fiscal year 2018.

**ARKANSAS STATE UNIVERSITY SYSTEM  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
FOR THE YEAR ENDED JUNE 30, 2018**

The remaining campuses had an increase of \$2.2 million resulting from increases in receivables for grant activity. Allowances for doubtful accounts increased by \$146,000. The campuses are continuing to monitor the accounts receivable balances and have increased collection activities. This has proven to be an effective method as accounts receivable balances are closely monitored and the allowance for doubtful accounts methodology is reviewed and revised. Beebe was the only campus to have a decrease for allowance for doubtful accounts due to an increase in student tuition and fee collections. The other campuses had slight increases.

**Inventories**

Inventories decreased by \$221,000. All campuses with inventories, other than Newport, had decreases during the year. The Jonesboro campus had a decrease due to year-end adjustments of inventories for IT which was offset by an increase of inventories for Residence Life. The total of this amount was \$457,000. Beebe's decrease of \$34,000 was due to a decline of inventories for the bookstore and central stores. Mid-South had a small decrease of \$2,400 due to a decline of inventories for promotional items and central stores. Newport's increase of \$272,000 was a result of adopting a new inventory model for the bookstore. The model is projected to be both profitable to the campus and generate cost savings for students.

**Deposits with Trustees**

Deposits with trustees increased slightly by \$15,000. This was due to higher interest and dividend earnings during the year.

**Prepaid Expenses**

Prepaid expenses increased by \$649,000. Of this amount, the Jonesboro campus experienced the largest increase in the amount of \$555,000. This was caused by the implementation of an optional voluntary retirement incentive plan with a July 1, 2018 payment. Additional information about this is included in Note 17. Mid-South also had an increase of \$129,000. Beebe, Mountain Home, and Newport had a combined decrease of \$35,000 from lower prepaid postage and an IT contract.

**Capital Assets, net**

Capital assets, net decreased by \$13.8 million. Accumulated depreciation increased from \$383,891,123 in 2017 to \$414,831,110 in 2018. This increase, of approximately \$31 million, is due to new equipment, new buildings, renovations to buildings, and other improvements/infrastructure that were added in 2017 and began depreciating in 2018. The increase in accumulated depreciation was offset by the addition of \$20.4 million in capital assets and the retirement of \$3.2 million in capital assets with accumulated depreciation of \$2.5 million. Of the \$20.4 million added to capital assets, \$14.2 million was construction in progress. Additional information about capital assets may be found in the 'Capital Assets' section of this Management's Discussion and Analysis.

**Other Noncurrent Assets**

Other noncurrent assets increased by \$12.5 million.

**Noncurrent Cash**

Noncurrent cash increased by \$12.6 million while restricted cash increased by \$690,000. The increase in noncurrent cash was due to a reclassification of cash and cash equivalents from current cash to noncurrent cash at the Jonesboro campus. The Jonesboro campus is the only campus to have a noncurrent cash balance. The increase in restricted cash was mostly due to the Mid-South and Mountain Home campuses. Mid-South had an increase in the cash restricted for the energy performance improvements at the campus and Mountain Home had an increase from unspent endowment funds as well as higher returns on those funds.

**Endowment Investments**

Endowment investments increased slightly by \$500,000. This was due to an increase in the return rate of the investments compared to previous years.

**Other Long-term Investments**

Other long-term investments decreased slightly by \$832,000. The largest decrease was \$1.4 million at the Beebe campus due to a restructuring of long-term investments to short-term investments. The decrease of \$1.4 million at Beebe was offset by an increase of \$504,000 at Newport from an increase in investment activity. These were offset by a small increase at Jonesboro and a small decrease at Mid-South.

**Irrevocable Split-Interest Agreement**

The Jonesboro campus early implemented GASB no. 81, *Irrevocable Split-Interest Agreements*, which was effective July 1, 2017 during fiscal year 2017. There was an increase of \$545,000 during fiscal year 2018 as the trustee re-appraised the value of the asset.

**Deposits with Trustees**

Deposits with trustees decreased slightly by \$251,000. The Jonesboro campus's decrease of \$592,000 was due to the refunding of a bond issue with the use of the prior bond's debt service reserve. Additionally, the Mid-South campus had an increase of \$341,000 due to an increase of property taxes received and held by the trustee.

**Deferred Outflows**

Deferred outflows increased by nearly \$1.4 million. Approximately \$640,000 of this increase was due to an increased amount of deferred outflows related to pensions. All of the campuses recorded increases for these in accordance with GASB no. 68. Additional information about the deferred outflows related to pensions may be found in Note 8 and the Required Supplementary Information.

**ARKANSAS STATE UNIVERSITY SYSTEM  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
FOR THE YEAR ENDED JUNE 30, 2018**

\$458,000 of this increase was due to the excess of bond reacquisition costs over carrying value. All the campuses, other than Jonesboro, had decreases due to the amortization of these amounts. The amount of the increase at Jonesboro is due to a refunding bond issue during the year. Additional information about the bond issue may be found in the 'Debt Administration' section of this Management's Discussion and Analysis and Note 5. The remaining increase of \$276,000 is a result of recording deferred outflows related to other postemployment benefits (OPEB) in accordance with GASB no.75. Additional information about the deferred outflows related to OPEB may be found in Note 12 and the Required Supplementary Information.

**Liabilities and Deferred Inflows**

Total liabilities and deferred inflows increased by \$6.4 million.

**Current Liabilities**

Current liabilities increased by \$2.6 million.

**Accounts Payable and Accrued Liabilities**

Accounts payable and accrued liabilities increased by \$2.6 million. All of the campuses experienced increases during the year. Jonesboro had an increase of \$1.5 million. This increase was due to increases in medical claims and withholding and matching accounts for benefits at year end. Additionally, the campus recorded a liability for the optional voluntary retirement incentive plan (Note 17). Mid-South's increase of \$762,000 was due to payables related to the energy performance contract. The increase of \$234,000 for Newport was due to inventory purchases for the bookstore. The remaining amount was due to increased purchases at year end for both Beebe and Mountain Home. Beebe had increases for IT equipment and also for the energy performance contract at their campus.

**Bonds, Notes, and Leases Payable**

Bonds, notes, and leases payable increased slightly by \$74,000 and was attributable to the new debt issued at the Beebe, Mid-South, and Newport campuses.

**Unearned Revenues**

Unearned revenues decreased by \$236,000. This was due to amounts received for tuition and fee for the second summer term that were recorded as unearned revenue at the end of 2018. Nearly all of this amount was attributable to the decrease of unearned revenue for the second summer term at the Jonesboro campus.

**Deposits**

Deposits decreased by \$539,000. The majority of this decrease was due to change in the deposit policy at the Jonesboro campus. Residence hall deposits are now applied during the academic year rather than held until a student graduates or leaves the University.

**Total Other Postemployment Benefits (OPEB) Liability**

The current portion of this liability, \$948,000, was recorded during the year in accordance with GASB no. 75. The current portion of this total liability represents the amount that is the expected employer contributions for fiscal year 2019. Additional information about OPEB may be found in Note 12 and the Required Supplementary Information.

**Noncurrent Liabilities**

Noncurrent liabilities increased by \$1.9 million.

**Bonds, Notes, and Leases Payable**

Bonds, notes and leases payable had a slight decrease of \$425,000. The decrease of \$8.3 million at the Jonesboro and Mountain Home campuses was attributable to payments made during the year. This decrease was offset by an increase at the other campuses totaling about \$7.8 million. These campuses issued new debt during the year.

**Total Other Postemployment Benefits (OPEB) Liability**

The noncurrent portion of this liability increased by about \$5.2 million and was recorded during the year in accordance with GASB no. 75. Additional information about OPEB may be found in Note 12 and the Required Supplementary Information.

**Net Pension Liability**

The University's portion of the net pension liability decreased by \$1.8 million. These amounts were recorded in accordance with GASB no. 68. Additional information about the net pension liability may be

**ARKANSAS STATE UNIVERSITY SYSTEM  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
FOR THE YEAR ENDED JUNE 30, 2018**

found in Note 8 as well as the Required Supplementary Information.

**Refundable Federal Advances**

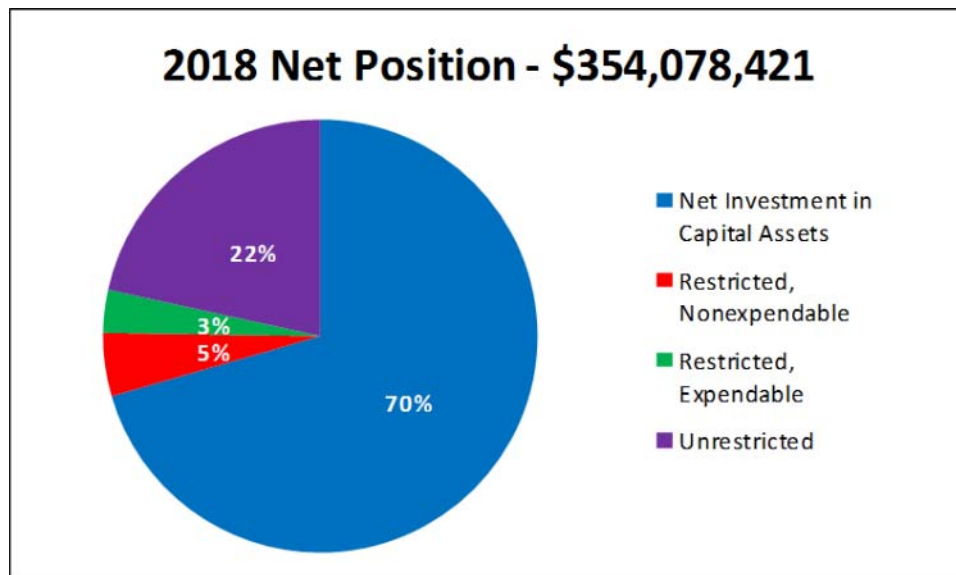

The refundable federal advances liability decreased by approximately \$1 million. This was due to a return of funds related to the Federal Perkins Loan Program at the Jonesboro campus.

**Deferred Inflows**

Deferred inflows increased by \$1.9 million. \$1.3 million of the increase was the amount related to pensions and was recognized in fiscal year 2018 in accordance with GASB no. 68. The deferred inflows are recorded in conjunction with the deferred outflows for pensions and net pension liability discussed previously. The remaining increase of \$545,000 was recorded as part of the irrevocable split-interest agreement at the Jonesboro campus as previously mentioned in the Noncurrent Asset section.

**Net Position**

Total net position decreased by \$7.2 million. The percentage of each net position category is displayed in the chart below.

**Net Investment in Capital Assets**

Net investment in capital assets decreased by \$12.1 million. This decrease was mainly attributable to recognition of depreciation expense at all of the campuses. In previous years, there have been large increases of construction projects, primarily at the Jonesboro campus, to offset the amount of depreciation recognized.

**Restricted, Nonexpendable**

Restricted, nonexpendable net position increased by \$298,000.

- *Scholarships and Fellowships*—Restricted, nonexpendable net position for scholarships and fellowships increased by \$184,000. This was due to the Jonesboro and Beebe campuses' increase in the market value of endowment investments held by the ASU Foundation for scholarship purposes.
- *Renewal and Replacement*—The Mid-South campus has restricted, nonexpendable net position for renewal and replacement. There were no changes to the net position during the fiscal year.
- *Loans*—The restricted, nonexpendable net position for loans decreased in the amount of \$137,000. This was due to the Federal Perkins Loan activity at the Jonesboro campus. This amount will continue to decrease as the Federal Perkins Loan Program expired on September 30, 2017.
- *Other*—Restricted, nonexpendable net position for other purposes than those mentioned above increased by \$250,000. This was due to an increase in investment earnings during the year on endowments for purposes other than scholarships.

**ARKANSAS STATE UNIVERSITY SYSTEM  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
FOR THE YEAR ENDED JUNE 30, 2018**

*Restricted, Expendable*

Restricted, expendable net position increased by \$775,000.

- *Scholarships and Fellowships*—Restricted, expendable net position for scholarships and fellowships decreased by \$71,000. This increase was mostly attributable to an increase of scholarships awarded at the Beebe campus.
- *Research*—Restricted, expendable net position for research increased by \$18,000. This slight increase is due to year end balances of restricted grants for research purposes at the Jonesboro campus.
- *Loans*—The restricted, expendable net position for loans did not change for fiscal year 2018. Mid-South is the only campus to have a restricted, expendable net position amount for loans.
- *Capital Projects*—The restricted, expendable net position for capital projects increased by \$568,000. This was related to the energy performance project at the Mid-South campus that was in progress at the end of the year.
- *Debt Service*—The restricted, expendable net position for other purposes than those listed above decreased slightly by \$9,000. The Mid-South campus is the only campus to have funds restricted for debt service due to their debt structure for bonds payable.
- *Renewal and Replacement*—The Mid-South campus has restricted, expendable net position for renewal and replacement. There was an increase of \$39,000 due to the bond requirements of these funds.
- *Other*—The restricted, expendable net position for other purposes than those listed above increased by \$230,000. The increase of \$153,000 of non-research grant activity at the Jonesboro campus, was offset by \$203,000 decreases of non-research grant activity at Mid-South and Newport. The remaining amount increase of \$280,000 was mostly attributable to higher non-research grant balances and non-scholarship endowment balances at the Mountain Home campus.

*Unrestricted*

Unrestricted net position increased by \$3.8 million. The majority of this increase was a \$2 million increase at the Beebe campus due to an increased effort to grow the University's reserves balance. In addition, Jonesboro's unrestricted net position also increased by approximately \$1.5 million in an effort to increase their reserves balance. Mountain Home and Newport also had increases in the amounts of \$198,000 and \$119,000, respectively; while Mid-South had a slight decrease of \$3,700.

**ARKANSAS STATE UNIVERSITY SYSTEM  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
FOR THE YEAR ENDED JUNE 30, 2018**

**Statement of Revenues, Expenses and Changes in Net Position**

The net position as presented on the Statement of Net Position is based in part on the financial activities that occurred during the fiscal year as presented in the Statement of Revenues, Expenses, and Changes in Net Position. This statement's purpose is to present the revenues generated and received by the University, both operating and nonoperating, the expenses incurred by the University, both operating and nonoperating, and all other financial gains or losses experienced by the University during the fiscal year ended June 30, 2018.

Generally, revenues from operations are received in exchange for the University providing services or products to students and other constituencies. Operating expenses are those costs paid or incurred in producing those services or products or in carrying out the mission of the University. Nonoperating revenues are financial inflows to the University resulting from nonexchange transactions; that is, the University does not provide a specific service or product in exchange for them. For example, appropriations from the state are considered nonoperating revenue because the legislature does not receive a direct and commensurate benefit from the University in exchange for providing the appropriation. A condensed Statement of Revenues, Expenses, and Changes in Net Position for fiscal year 2018 compared to fiscal year 2017 is shown below

**ARKANSAS STATE UNIVERSITY SYSTEM  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
FOR THE YEAR ENDED JUNE 30, 2018**

**Revenues**

Total revenues increased by approximately \$4.1 million.

**Operating Revenues**

Total operating revenues increased by \$2 million.

**Tuition and Fees, net**

Net tuition and fees increased by \$2.4 million. Gross tuition and fee revenue increased by \$3.4 million. All campuses had a modest tuition increase from 2017 to 2018. Mid-South and Mountain Home were the only campuses to have a decrease of net tuition and fee revenue. The \$312,000 decrease at Mid-South was primarily the result of a decrease of in-state enrollment and Technical Center revenue. All campuses, other than Mountain Home, experienced lower enrollment when comparing 2017 to 2018. Although Mountain Home had slightly higher enrollment numbers, they showed a slight decrease in net tuition and fees of approximately \$4,300. The increase in tuition and fee revenue also led to an increase in scholarship allowances. Scholarship allowances increased by \$934,000. This increase in scholarship allowances caused an increase in scholarship expense as noted in the scholarship expense section.

**Grants and Contracts**

Operating grants and contracts increased by \$219,000. All campuses, other than Mid-South, had increases. Jonesboro's, Beebe's, Mountain Home's and Newport's increases of \$185,000, \$42,000, \$537,000 and \$206,000 were offset by the decreases of \$751,000 at Mid-South. This decrease was due to lower grant revenue received during the year and the ending of a large grant. The increases at the campuses were due to new grants that were received during the fiscal year. As the available grant resources continue to decline; there will continue to be fluctuations in the amount of operating grants and contracts revenue as more colleges and universities compete for these dollars.

**Sales and Services**

Sales and services decreased slightly by \$75,000. The decrease of \$89,000 at the Jonesboro campus was due to lower revenues from printing services and the IT Store. Mountain Home showed an increase of \$10,000 from ticket revenue from the Sheid Community Development Center. Beebe had a slight increase of \$4,000.

**Auxiliary Enterprises, net**

Auxiliary enterprises, net decreased by approximately \$984,000. The Jonesboro campus experienced a decrease of \$677,000. All campuses experienced declines from 2017 to 2018 in both gross auxiliary enterprises revenue and scholarship allowances related to auxiliary enterprises. From the various auxiliaries at the Jonesboro campus, the largest variances from 2017 to 2018 were in housing and the bookstore. Both Mid-South and Mountain Home also experienced lower bookstore revenues in 2018 than in 2017. Newport's decrease was due to a decline in food service sales during the year.

**Self Insurance**

Self insurance revenues increased by \$289,000. During fiscal year 2018, there was a minimal increase in premiums beginning in January 2018 for the employee withholding amount.

**Other**

Other operating revenues increased slightly by \$91,000. The largest increase was \$175,000 at the Beebe campus for workforce education. Jonesboro also had a small increase of \$39,000. The other three campuses had a combined decrease of \$123,000. Mountain Home and Newport both had a decrease of \$48,000 each. Mountain Home's decrease was due to a change in accounting for the receipts from the Sheid Community Development Center. Newport's decrease was due to prior year recoveries.

**ARKANSAS STATE UNIVERSITY SYSTEM  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
FOR THE YEAR ENDED JUNE 30, 2018**

**Nonoperating Revenues**

Total nonoperating revenues increased by \$2.1 million.

**Federal Appropriations**

Federal appropriations decreased by \$83,000. In prior fiscal years, the Jonesboro campus received several federal awards. These amounts continue to decrease as available grant resources continue to decline.

**State Appropriations**

State appropriations increased by approximately \$567,000. The Jonesboro, Beebe, and Mid-South campuses had increases of \$751,000, \$24,000, and \$6,700, respectively. The Mountain Home and Newport campuses showed decreases of \$85,000, and \$129,000, respectively. The increases and decreases at the campuses were due to variances in general appropriation funding and miscellaneous appropriations. The increase at Jonesboro was largely due to an additional \$500,000 received for the efficiency and transformation review that was conducted during fiscal year 2018 for all campuses of the System.

**Grants and Contracts**

Nonoperating grants and contracts increased by \$791,000. There was an increase of \$908,000 on the Jonesboro campus. Although state financial aid declined, there was approximately \$1 million of additional federal financial aid when compared to 2017. With the exception of Mountain Home and Newport, that experienced decreases of \$213,000 and \$182,000, respectively; Beebe, and Mid-South experienced increases of \$195,000, and \$83,000, respectively. This is a reflection of the decline in federal financial aid.

**Sales and Use Taxes**

Sales and use taxes increased by \$189,000. Beebe saw an increase of \$130,000 and Newport experienced an increase of \$59,000.

**Property Taxes**

Property tax revenues increased by \$377,000 on the Mid-South campus and by \$17,000 on the Mountain Home campus.

**Gifts**

Revenues from gifts increased by \$577,000. Jonesboro had an increase of \$715,000, which was primarily due to a larger amount received by the Red Wolves Foundation for athletics and by the ASU Foundation for departmental use. The Mid-South campus had an increase of \$103,000 due to increased donations for their Wild Game Dinner. The Mountain Home campus experienced a decrease of \$221,000 due to the amount received in the prior year for a building remodel project. The Newport campus had a slight decrease of \$20,000.

**Investment Income**

Investment income decreased by \$314,000. The Mid-South campus experienced the only decrease of \$421,000 due to the recording

**ARKANSAS STATE UNIVERSITY SYSTEM  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
FOR THE YEAR ENDED JUNE 30, 2018**

of unrealized gains and losses during 2018. Jonesboro and Beebe had increases of \$63,000 and \$20,000, respectively, due to higher interest rates, better returns and unrealized gains. Mountain Home and Newport had a combined increase of \$24,000. The University continues to invest in low-risk investments that will provide a stable source of revenue, such as interest bearing bank accounts and certificates of deposits.

**Expenses**

Total expenses increased by \$13.4 million.

**Operating Expenses**

Total operating expenses increased by \$13.2 million.

Additional information on operating expenses can be found in the tables and charts that follow.

**Personal Services**

Personal services increased by approximately \$493,000. The Jonesboro campus experience the largest increase, \$2.3 million. Nearly \$1.2 million of this increase is due to the optional voluntary retirement incentive plan (Note 17). Also, the campus recorded an additional \$862,000 for other postemployment benefits; an increase of \$519,000 from 2017. Other campuses with increases included Mountain Home in the amount of \$125,000 and Newport in the amount of \$115,000. The decrease of \$1.1 million for Beebe was a result of salary savings and a restructuring of administration. The campus has gone from seven vice chancellors to three, as well as several division chairs to three deans. The \$925,000 decrease for Mid-South was due to health claims that were paid in 2017 but were not paid in 2018. Prior to February 1, 2017, the campus was using a different health plan. In addition, there were salary savings from vacant positions and a decrease in pension and OPEB amounts for 2018. An amount of \$1.2 million was recorded by the campuses for other postemployment benefits. More information on this may be found in Note 12. The campuses were able to provide modest salary increases for faculty and staff which affirms the significance of faculty and staff to the mission of the University.

**Scholarships and Fellowships**

Scholarships and fellowships increased by \$2.5 million. As previously discussed, there was also an increase in scholarship allowances related to tuition and fees and a decrease in scholarship allowances related to auxiliaries. Gross scholarships and fellowships increased \$2.4 million. While Mountain Home experienced an increase in headcount enrollment from fall 2016 to fall 2017; the other campuses experienced a decrease in headcount enrollment. Although federal and state financial aid fluctuates throughout the years; the campuses continue to offer competitive institutional scholarships to students. The institutional scholarships continue to increase at each campus and displays the University's commitment to students.

**Supplies and Services**

Supplies and services increased by \$3.4 million. With the exception of a \$274,000 decrease at the Mountain Home campus, all other campuses experienced an increase of expenses for supplies and services. The majority of this increase was due to a growth of \$2.8 million of expenses on the Jonesboro campus. In 2018, there were several renovation projects that did not meet the capitalization

threshold criteria and were appropriately expensed. There were many more of these types of projects compared to 2017. The Newport campus had an increase of \$367,000 due to the expenses related to new grants received during the year. Beebe and Mid-South had a combined increase of \$489,000. The campuses continue to be committed to cost containment efforts and pursue conservative levels of spending.

**Self Insurance**

Self insurance expenses increased by \$2.5 million. Medical claims during 2018 greatly increased when compared to 2017. Additionally, there was an increase in the unpaid claims liability recorded at year end.

**Depreciation**

Depreciation expense increased by \$4.3 million. The Jonesboro campus experienced the largest increase of \$4.7 million. The increase at Jonesboro was a result of new additions or renovations at the campus that were added in 2017 and began depreciating in 2018. This amount totaled approximately \$40 million and included several projects such as, \$15 million in energy performance renovations, \$2.1 million for football field renovations, and \$1.4 million renovations to the Dyess Theatre. Beebe also showed an increase of \$156,000 during fiscal year 2018. The other campuses had a combined decrease of \$556,000 due to assets that were fully depreciated in 2017. Additionally, as new projects were completed in 2018, depreciation expense will increase next year as a result of these. Depreciation expense will continue to increase each year as new buildings and renovations are completed and begin depreciating.

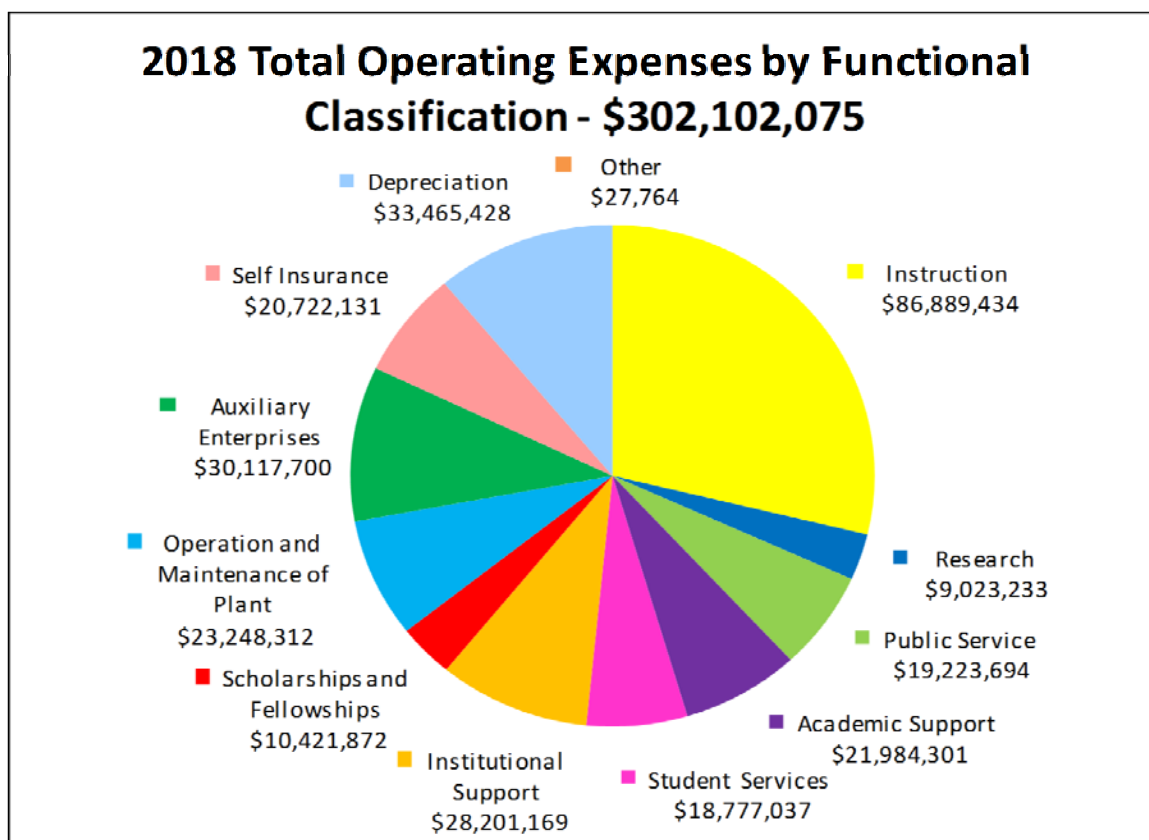

**Other**

Other operating expenses decreased by \$54,000. These expenses are related to the Federal Perkins Loan program on the Jonesboro campus.

**Nonoperating Expenses**

Total nonoperating expenses increased by \$207,000.

**Interest**

Interest expense increased by \$371,000. Jonesboro experienced the largest increase of \$325,000. Although the campus had lower interest expense due to the refunding of bonds; the campus had higher interest expense on notes due to 2018 being the first full year of payments related to the energy performance renovations. Beebe and Newport also had increases in the amounts of \$13,000 and \$69,000, respectively for new debt. Mid-South and Mountain Home had a combined decrease of \$36,000. Additional information on the bond issue may be found in Note 5.

**Gain or Loss on Disposal of Capital Assets**

During the fiscal year, the University had a loss of \$592,000 on capital assets compared to a loss of \$632,000 in fiscal year 2017. Beebe, Mid-South, and Newport were the only campuses to show a gains in the combined amount of \$26,000. This was due to receiving more funds from the sale of capital assets. The Jonesboro campus's statements reflect a loss of \$619,000. This loss is attributable to the deletion of equipment, library holdings, a building, and also improvement projects that were no longer on campus.

**Other Changes**

Other revenues, expenses, gains and losses totaled \$1.9 million. This amount increased by \$213,000.

**Capital Appropriations**

Capital appropriations increased by \$540,000. The Jonesboro campus was the only campus with a capital appropriation in 2017 as well as 2018. The campus received a \$79,000 appropriation for the purchase of property. Additionally, Jonesboro received \$233,000 more funding than in 2017 for the Marion Berry Phase III-Loop Road. The remainder of the increase was due to funds received for the V. C. Kays House renovations.

**Capital Grants and Gifts**

Capital grants and gifts decreased by \$276,000. The Beebe and Newport campuses had declines of \$28,000 and \$224,000 compared to fiscal year 2017. This was attributable to funds that were received in 2017 for the projects. The campuses did not receive any funds during 2018. Mid-South had an increase of \$14,000 due to a capital gift received during the year. Jonesboro and Mountain Home had small decreases of \$34,000 and \$4,000, respectively.

**Statement of Cash Flows**

The third and final statement presented is the Statement of Cash Flows. This statement presents detailed information about the University's financial activities from the perspective of their effect on cash. The information is presented in five components. The first component presents cash inflows and outflows resulting from the University's normal operating activities. The second component presents cash flows from noncapital financing activities; that is, cash received from or spent for activities that do not result from normal operations, capital financing activities, or investing. The third component presents cash inflows and outflows resulting from capital and related financing activities such as debt issuance, lease agreements, and capital appropriations, grants, or gifts. The fourth component presents cash flows resulting from investing activities such as purchases and liquidations of investments and interest, gains, and losses generated by these activities. The fifth component of the Statement of Cash Flows is a reconciliation of the net operating revenues (expenses) for the fiscal year as reported on the Statement of Revenues, Expenses, and Changes in Net Position to the net cash provided (used) by operating activities as presented in component one of the Statement of Cash Flows.

**Land**

The University had one addition of land and land improvements in the amount of \$30,000 at the Jonesboro campus during fiscal year 2018.

**Construction in progress**

Construction in progress increased by 185.94%. This increase is mainly attributable to the energy performance improvements at the Beebe, Mid-South, and Newport campuses. The combined total for these three campuses of construction in progress during the year was \$9.7 million. Jonesboro had a slight decrease of \$312,000.

**Livestock**

The change of 5.82% is attributable to an increase of the Jonesboro campus livestock herds of \$11,030 and a slight decline of the Beebe campus's herds in the amount of \$715.

**Intangibles-Software in development**

The Beebe, Mountain Home and Newport campuses have been implementing a new ERP (Enterprise Resource Planning) System. The new software was still in development as of June 30, 2018 for the Newport campus. The University's threshold for capitalizing software is \$1 million and the Beebe and Newport campuses have capitalized \$1,935,886 and \$1,213,769, respectively. The ERP System is complete at Beebe and the amount was transferred to intangibles-software during 2018.

**Intangibles-Easements**

The University had no additions or disposals of easements during fiscal year 2018.

**Intangibles-Software**

The University's increase of \$1,547,312 was mostly due to the transfer of the asset from being in development to being completed for the Beebe campus. This amount was \$1,935,886. In addition, the Jonesboro campus had depreciation in the amount of \$388,574 during the fiscal year.

**Buildings**

The University experienced a decrease in the total value of buildings. This is a result of a much lower amount of additions to buildings. In fiscal year 2018, the campuses added \$49,000 compared to \$2,058,201 in fiscal year 2017. The Jonesboro campus was the only campus with a building addition during the year. This was a property purchase of land and a building in Dyess. Also, accumulated depreciation increased from \$264,652,796 in 2017 to \$281,968,869 in 2018 as a result of additional buildings that were added in 2017 and began depreciating in fiscal year 2018.

**ARKANSAS STATE UNIVERSITY SYSTEM  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
FOR THE YEAR ENDED JUNE 30, 2018**

**Improvements and infrastructure**

The 2.38%, or \$3,340,105, decrease in improvements and infrastructure is attributable to the completion of projects at the Jonesboro campus during fiscal year 2017 and began depreciating in fiscal year 2018. These projects included: energy savings performance contract, renovations to the parking deck, student apartment upgrades, track improvements, Student Union enhancements, and football field renovations. The Jonesboro campus added \$7.3 million in improvements and infrastructure projects during 2018. These projects will begin depreciating in 2019 and include: Aggie Road improvements, improvements to the First National Bank Arena, Library renovations, Student Union upgrades, and improvements to the Collegiate Park apartments.

**Equipment**

Equipment decreased by 14.02%, or \$2,282,526, during the year. Equipment additions decreased from \$4,606,580 in 2017 to \$2,876,930 in 2018. Of the additions for fiscal year 2018, \$104,529 were capital gifts received by the campuses and noted on the Cash Flow Statement as a noncash transaction. Equipment purchases decreased greatly from 2017 to 2018. Depreciation expense decreased from \$5,203,550 in 2017 to \$4,791,910 in 2018. The campuses disposed of equipment during the year with a net value of \$367,546.

**Library/audiovisual holdings**

The University's decrease of \$147,481, or 9.20%, is due to the amount of depreciation exceeding the amount of purchases during the year. Total purchases in 2018 were \$136,257 compared to \$312,837 in 2017. Depreciation expense decreased from \$283,738 in 2018 to \$318,947 in 2017.

Additional information on capital assets by campus may be found in Note 4 in the notes to the financial statements.

**Debt Administration**

The University's financial statements indicate \$193,965,322 in bonds payable, \$10,951,122 in notes payable and \$23,653,485 in capital leases payable at June 30, 2018.

The Jonesboro campus issued refunding bonds during 2018. The bonds that were refunded included:

\$7,920,000	2009 Housing Bonds
\$4,360,000	2010 Housing Refunding Bonds

Additional information about the refunding is included in Note 5.

The University's bonded indebtedness consisted of revenue bonds secured by tuition and fees, property taxes, and auxiliary revenues, such as housing and parking fees. The revenue bonds were issued for educational buildings, student housing, parking improve-

ments, property purchases, plant improvements, and auxiliary facilities.

The \$10,951,122 in notes payable consisted of three notes for the Jonesboro campus. These include an \$8,000,000 note to renovate Wilson Hall for the DO School, a \$1,204,000 note for energy improvement projects through the state's sustainable revolving loan fund, and a \$1,000,000 note for pedestrian improvements. At June 30, 2018, the outstanding amounts for these notes were \$5,708,611, \$903,000 and \$602,874, respectively. Additionally, the Mountain Home campus has a note payable with a remaining balance of \$78,076 for a land purchase and the Newport campus has \$1,020,903 in notes payable for the construction of a Hospitality Building at the ASU-Newport Jonesboro campus location. The Beebe, Mid-South, and Newport campuses added notes payable in the amounts of \$100,000, \$1,537,658 and \$1,000,000, respectively, during the fiscal year. All of these notes payable were for energy performance improvements at the campuses. The Mid-South note has a 3.30% interest rate and a 20 year term. The Beebe and Newport notes have a 1.31% interest rate and 15 year term. The savings from utility billings will be used to pay the debt.

The Jonesboro campus issued a capital lease during 2016 in the amount of \$15,226,080 for energy savings projects on the campus. The savings from utility billings will be used to pay the debt. There have been no principal payments paid yet and the current balance of the debt is \$15,226,080. The campus also issued a capital lease during 2017 for IT equipment valued at \$545,160. The remaining balance is \$181,668. The Newport campus issued a capital lease during 2017 for IT equipment. The amount of the lease is \$606,934 and a balance of \$364,160 remains at June 30, 2018. The Beebe and Newport campuses added leases payable in the amounts of \$4,930,498 and \$2,951,079, respectively, during the fiscal year. Both of these leases payable were for energy performance improvements at the campuses with a 3.04% interest rate and a 20 year term. The savings from utility billings will be used to pay the debt.

Additional information on the University's debt may be found in Notes 5, 6 and 15 in the notes to the financial statements.

## **Economic Outlook**

The economic outlook of the University remains sound.

U.S. economic growth will probably accelerate this year before slowing in 2019. The Congressional Budget Office (CBO) projected that inflation adjusted or real gross domestic product (GDP) would grow 3.1 percent this year, exceeding 2.2 percent growth in 2017 due to lower income taxes, increased government spending and private investments. The government slashed corporate and personal income taxes in January in a \$1.5 trillion package and Congress passed a \$1.3 trillion spending bill in March.

The Federal Reserve has indicated that they will be raising rates at the Federal level in 2018 and 2019. Currently, rates have held steady, which has limited the University's ability to generate favorable returns on its financial assets; however, the lower rates positively affect the ability to strategically manage long-term debt and borrowing costs. The University's strong credit rating of A1 continues to provide favorable financing terms and options.

At the state level, the economy is stable, and revenues are tracking above forecast levels. Arkansas continues to conservatively manage its financial resources; as a result, state appropriations to the University have remained static with no expectation of appreciable increases in the near term. Public higher education will continue to compete with other state agencies and priorities for appropriate levels of funding.

The University continues to proactively manage its enrollment and scholarship administration to strike an appropriate balance between academic standards, demographic and economic changes, and net tuition revenue. The University continues to review all of its existing and potential revenue sources and is working to explore and develop new and innovative funding opportunities.

The University strategically and prudently manages its financial resources. Capital investments are extensively reviewed at the board and executive level, strategic cost containment and resource allocation remain high priorities of the University, and budgets are carefully developed, monitored, controlled, and adjusted as warranted. These efforts will continue as the University strategically manages the challenges and opportunities posed by the current economic environment and the furtherance of its mission.

**ARKANSAS STATE UNIVERSITY SYSTEM  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2018**

**NOTE 1.  
SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Reporting Entity**

**Jonesboro**

Arkansas State University-Jonesboro, an Institution of Higher Education of the State of Arkansas, developed from one of four State agricultural schools established in 1909 by an act of the Arkansas General Assembly. The University opened as a vocational high school in 1910 and was reorganized as a junior college in 1918. The name was changed to State Agricultural and Mechanical College by an act of the Legislature in 1925. Authority to extend the curriculum, offer senior college work, and grant degrees was granted in 1931. In 1933, the Legislature changed the name of the College to Arkansas State College. Master-level programs were begun in 1955. In January 1967, the Legislature passed an act authorizing a change in the name of Arkansas State College to Arkansas State University, effective July 1, 1967. The University's first doctoral degree in Educational Leadership was awarded in 1992.

**Beebe**

Arkansas State University-Beebe began in 1927 as Junior Agricultural School of Central Arkansas. In 1955, the Arkansas General Assembly designated the school a campus of Arkansas State College. The branch campus was designated as Arkansas State College-Beebe Branch. The institution established a campus at the Little Rock Air Force Base in 1965. The campus became Arkansas State University-Beebe in 1967. Act 90 of 2001 eliminated the word "branch" from the references to campuses of Arkansas State University.

ASU-Heber Springs, a Center of ASU-Beebe, was officially established by Act 426 of 1999 in response to the community's desire to have a two-year college presence in Cleburne County.

Effective July 1, 2003, Foothills Technical Institute in Searcy merged with ASU-Beebe to become ASU-Searcy, a Technical Campus of ASU-Beebe.

**Mountain Home**

In 1991, the Arkansas General Assembly created Mountain Home Technical College through the merger of Baxter County Community/Technical Center and the North Arkansas Community/Technical Center in Mountain Home. On October 19, 1993, the voters of Baxter County authorized the levy of a two mill tax to support operations at the Arkansas State University-Mountain Home campus. The institution was designated Arkansas State University-Mountain Home in 1995.

**Newport**

Under the provisions of Ark. Code Ann. § 6-53-405, White River Technical College was consolidated with Arkansas State University-Beebe campus effective July 1, 1992 and named Arkansas State University-Newport. Subsequently, the Newport campus separated itself from Beebe to become a stand-alone campus.

Effective July 1, 2001, Delta Technical Institute was merged to the University to become the Arkansas State University Technical Center. The Technical Center is part of the Newport campus and consists of two campuses located at Marked Tree and Jonesboro.

**Mid-South**

Mid-South Vocational Technical School, an institution of higher education of the State of Arkansas and located in West Memphis, began operations January 18, 1982. Effective July 1, 1991, the College's name was changed to Mid-South Technical College under the provision of Ark. Code Ann. § 6-53-301. On February 16, 1993, the voters approved a four mill property tax for the creation of the community college. During April 1993, the Arkansas State Board of Higher Education approved the change in status of Mid-

South Technical College to Mid-South Community College. Effective July 1, 2015 under the provisions of Ark. Code Ann. § 6-60-102, Mid-South Community College merged with the Arkansas State System to become Arkansas State University-Mid-South.

**System**

In 1998, the Arkansas State University Board of Trustees approved the recognition and designation of the Arkansas State University System to encompass the campuses and locations.

The Arkansas State University System is governed by the Board of Trustees, which consists of five persons appointed by the Governor of the State of Arkansas. Terms of appointments are for five years and Board members may be re-appointed by the Governor for a second five year term.

**Component Units**

**Arkansas State University System Foundation, Inc.**

The Arkansas State University System Foundation, Inc. (the ASU Foundation) is a legally separate, tax-exempt component unit of Arkansas State University (the University). The ASU Foundation acts primarily as a fund-raising and asset management organization to develop and supplement the resources that are available to the University in support of its mission and programs. The 33 member board of the ASU Foundation is self-perpetuating and consists of graduates and friends of the University. Although the University does not control the timing or amount of receipts from the ASU Foundation, the majority of resources, or income thereon, which the ASU Foundation holds and invests are restricted to the activities of the University by donors. Because these restricted resources held by the ASU Foundation may only be used by, or for the benefit of the University, the ASU Foundation is considered a component unit of the University under the guidelines established by Governmental Accounting Standards Board (GASB) Statement no. 39, Determining Whether Certain Organizations are Component Units. Accordingly, the financial statements of the ASU Foundation are discretely presented in the University's financial statements in accordance with the provisions of GASB Statement no. 39.

During the year ended June 30, 2018, the ASU Foundation transferred property, equipment and funds of \$2,700,461 to the University for academic support. Complete financial statements for the ASU Foundation may be obtained from the ASU Foundation at P.O. Box 1990, State University, AR 72467-1990.

The ASU Foundation reports under the requirements of the Not-for Profit Organizations Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the ASU Foundation's financial information in the University's financial statements.

**Arkansas State University Red Wolves Foundation, Inc.**

The Arkansas State University Red Wolves Foundation, Inc. (the RW Foundation) is a legally separate, tax-exempt component unit of Arkansas State University (the University). The RW Foundation is dedicated to aid, assist, and promote the development of intercollegiate athletics at the Jonesboro campus and to work with the University's administration in serving the institution. The RW Foundation's support comes primarily through donor contributions. The RW Foundation is considered a component unit of the University under the guidelines established by Governmental Accounting Standards Board (GASB) Statement no. 39, Determining Whether Certain Organizations are Component Units. Accordingly, the financial statements of the RW Foundation are discretely presented in the University's financial statements in accordance with the provisions of GASB Statement no. 39.

During the year ended June 30, 2018, the RW Foundation transferred property, equipment and funds of \$3,402,095 to the University.

ty for support. Complete financial statements for the RW Foundation may be obtained from the RW Foundation at P.O. Box 2219, State University, AR 72467-1990.

The RW Foundation reports under the requirements of the Not-for Profit Organizations Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the RW Foundation's financial information in the University's financial statements.

### **Financial Statement Presentation**

In June 1999, the Governmental Accounting Standards Board (GASB) issued Statement no. 34, Basic Financial Statements - and Management Discussion and Analysis - for State and Local Governments. GASB Statement no. 35, Basic Financial Statements - and Management's Discussion and Analysis - for Public Colleges and Universities, followed this in November 1999. The financial statement presentation required by GASB no. 34 and no. 35 provides a comprehensive, entity-wide perspective of the University's assets, liabilities, net position, revenues, expenses, changes in net position and cash flows.

In June 2011, the GASB issued Statement no. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position. This statement provides financial reporting guidance for deferred outflows of resources and deferred inflows of resources. The use of net position as the residual of all other elements presented in a statement of financial position has also been identified. This statement amends the net asset reporting requirement in Statement no. 34 and other pronouncements by incorporating deferred outflows of resources and deferred inflows of resources into the definitions of the required components of the residual measure and by renaming that measure as net position, rather than net assets.

In March 2012, the GASB issued Statement no. 65, Items Previously Reported as Assets and Liabilities. This statement is related to Statement no. 63 in that it establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities.

In June 2012, the GASB issued Statement no. 68, Accounting and Financial Reporting for Pensions. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities.

In March 2016, the GASB issued Statement no. 81, Irrevocable Split-Interest Agreements. Although the effective date of the Standard is for fiscal year 2018, the University early implemented the requirements of the Standard in accounting for an irrevocable split-interest agreement at the Jonesboro campus in fiscal year 2017.

In June 2015, the GASB issued Statement no. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. This Statement revises existing standards for measuring and reporting retiree benefits provided by the University to its employees.

### **Basis of Accounting**

For financial reporting purposes, the University is considered a special-purpose government engaged only in business-type activities. Accordingly, the University's financial statements have been presented using the economic resources focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation is incurred.

The consolidated University financial statements were prepared from the separate statements of the five (5) campuses. Other than the receipt and disbursement of student financial aid between the campuses, financial transactions among the campuses were not considered material in amount or consequence and, accordingly, were not eliminated from the consolidated statements.

### **Capital Assets and Depreciation**

Land, buildings, improvements and infrastructure, equipment, audiovisual holdings and construction in progress are recorded at cost at the date of acquisition or acquisition value at the date of donation in the case of gifts. Livestock held for educational purposes is recorded at cost or estimated acquisition value. Library holdings are recorded at cost or a stated rate per volume. For the campuses that record library holdings at a stated rate per volume, the additions for the fiscal year are displayed as a separate line item on the Statement of Revenues, Expenses and Changes in Net Position. Library holdings that are capitalized do not include periodicals, microfilm, microfiche and government documents. The University follows capitalization guidelines established by the State of Arkansas. The University's capitalization policy for equipment is to record, as assets, any items with a unit cost of more than \$5,000 and an estimated useful life greater than one year. Improvements to buildings, infrastructure, and land that significantly increase the value or extend the useful life of the asset are capitalized. Routine repairs and maintenance are charged to operating expense when incurred. Interest costs incurred are capitalized during the period of construction. During the fiscal year, \$14,834 of interest costs was capitalized for the Mid-South campus.

**ARKANSAS STATE UNIVERSITY SYSTEM  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2018**

Depreciation is calculated using the straight-line method over the estimated lives of the assets, generally 15 to 30 years for buildings, 15 years for improvements and infrastructure, 10 years for library and audiovisual holdings, and 3 to 20 years for equipment. Capital assets are presented net of accumulated depreciation where applicable. Depreciation is begun the fiscal year following the date of acquisition for all campuses other than Mid-South. The Mid-South campus begins depreciation in the month of acquisition. No depreciation is taken the year of disposal.

Easements are considered intangible assets and are capitalized at either the cost at the date of acquisition or acquisition value at the date of donation in the case of gifts.

Software costing \$1,000,000 or more is capitalized as an intangible asset and is amortized over the life of the software.

### **Operating and Nonoperating Revenues**

Revenues of the University are classified as either operating or nonoperating according to the following criteria:

**Operating Revenues:** Operating revenues result from activities that have characteristics of exchange transactions; that is, the University receives payment in exchange for providing services or products to students or other constituencies. Student tuition and fees, net of scholarship discounts and allowances, sales and services of auxiliary operations, net of scholarship discounts and allowances, and most federal, state, local, and private grants are the main categories of operating revenues for the University.

**Nonoperating Revenues:** Nonoperating revenues are those revenues that result from nonexchange transactions or from activities specifically defined as nonoperating by the GASB. Examples of nonoperating revenues include state appropriations, certain grants and contracts, sales and use taxes, property taxes, and investment income. State appropriations from the state are considered nonoperating under the definitions set forth by the GASB because the University does not provide a direct and commensurate benefit to the legislature in exchange for them.

### **Cash Equivalents**

For purposes of the Statement of Cash Flows, the University considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

### **Accounts Receivable**

Accounts receivable consists of assets the University is legally entitled to, but for which payment has not been received as of the close of the fiscal year at June 30, 2018. The various sources of the University's receivables are detailed in a subsequent note. Receivables are presented net of any estimated uncollectible amounts in accordance with generally accepted accounting principles.

### **Investments**

An investment is a security or other asset that (a) a government holds primarily for the purpose of income or profit and (b) has a present service capacity based solely on its ability to generate cash or be sold to generate cash. The University accounts for its investments, except for nonparticipating contracts, at fair value in accordance with GASB Statement no. 72, *Fair Value Measurement and Application*. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in

an orderly transaction between market participants at the measurement date. Changes in unrealized gain (loss) on the carrying value of investments are reported as a component of investment income in the Statement of Revenues, Expenses and Changes in Net Position. Nonparticipating contracts are reported at cost in accordance with GASB Statement no. 31, *Accounting and Reporting for Certain Investments and for External Investment Pools*.

The University's policy is to report all endowment funds administered by other parties for investment purposes as investments in the financial statements.

Detailed information of the University's investments is provided in Note 2.

### **Inventories**

Inventories are valued at cost with cost being generally determined on a first-in, first-out or average basis.

### **Noncurrent Cash and Investments**

Cash and investments that are externally restricted for endowment scholarships and other purposes or to purchase or construct capital assets, are classified as noncurrent assets in the Statement of Net Position. Additionally, this classification includes other long-term investments with original maturity dates greater than one year.

### **Restricted/Unrestricted Resources**

The University has no formal policy addressing which resources to use when both restricted and unrestricted net position are available for the same purpose. University personnel decide which resources to use at the time expenses are incurred.

### **Unearned Revenues**

Unearned revenues consist primarily of amounts received prior to the end of the fiscal year for tuition and fees and certain auxiliary activities that relate to a subsequent accounting period. For example, payments for tuition and fees for the second summer term or season football tickets for the upcoming fall season received prior to June 30, 2018 are treated as unearned revenues. They are considered liabilities of the University until earned.

### **Compensated Absences Payable**

Employee vacation, sick leave, and compensatory time earned, but not paid, and related matching costs are recorded as a liability and expense on the University's financial statements as required by generally accepted accounting principles. An estimate is made to allocate this liability between its current and noncurrent components.

NOTES TO FINANCIAL STATEMENTS

**Deposits with Trustees**

Deposits with trustees are externally restricted and held by various banks for the University. They are maintained in order to make debt service payments, to maintain sinking or reserve funds as required by bond covenants, or to purchase or construct capital assets.

**Noncurrent Liabilities**

Noncurrent liabilities include (1) principal amounts of bonds payable, notes payable, and capital lease obligations with contractual maturities greater than one year; (2) estimated amounts for accrued compensated absences and related matching costs and other liabilities that will not be paid within the next fiscal year; (3) the amount of the optional voluntary retirement incentive program (Note 17); (4) other post employment benefits (Note 12); (5) net pension liability (Note 8); and (6) the refundable federal portion of the Perkins Loan Program.

**Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Arkansas Public Employees Retirement System (APERS) and Arkansas Teacher Retirement System (ARTRS) and additions to/deductions from their respective fiduciary net position have been determined on the same basis as they are reported by each retirement system. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Property Taxes**

The Mid-South and Mountain Home campuses receive property tax revenues. These property taxes are levied in November based on property assessment made between January 1 and May 31 and are an enforceable lien on January 1 for real property and June 1 for personal property. The tax records are opened on the first business day of March of the year following the levy date and are considered delinquent after October 15 of the same calendar year.

**Sales and Use Taxes**

Effective January 2003, the electors of Jackson County, by a majority vote, approved the levy of a one-half of one percent (1/2%) sales and use tax for the ASU-Newport campus. This tax will be utilized for capital improvements and operation and maintenance. Additionally, the electors of Cleburne County approved the levy of a one-half of one percent (1/2%) sales and use tax for the Heber Springs

campus. The tax will also be utilized for capital improvements and operation and maintenance.

**Funds Held in Trust for Others**

The University holds deposits as custodian or fiscal agent for students, student organizations, and certain other organized activities related to the University.

**Net Position**

The University's net position is classified as follows:

**Net Investment in Capital Assets:** This classification represents the University's total investment in capital assets, net of outstanding debt obligations related to those assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included in this category.

**Restricted Net Position:** Within this classification there are two (2) categories of net position:

- **Restricted, expendable:** Restricted expendable net position includes resources for which the University is legally or contractually obligated to spend only in accordance with restrictions imposed by external parties.
- **Restricted, nonexpendable:** Nonexpendable restricted net position consists of endowment and similar type funds for which donors or other external parties have stipulated that the principal or corpus is to be maintained inviolate and in perpetuity and invested only for the purpose of producing income which may either be expended in accordance with the donors' or external parties' stipulations or added to the principal.

**Unrestricted Net Position:** Unrestricted net position represents resources of the University that are unrelated to capital items and not externally restricted. These resources may be expended at the discretion of the University's governing board in the educational and general operations of the University and in furtherance of its mission.

**Scholarship Discounts and Allowances**

Student tuition and fees, and certain other revenues received from students are reported net of scholarship discounts and allowances in the Statement of Revenues, Expenses and Changes in Net Position. Scholarship discounts and allowances are the difference between the University's stated rates and charges and the amount actually paid by students and/or third parties making payments on behalf of the students. Under this approach, scholarships awarded by the University are considered as reductions in tuition and fee revenues rather than as expenses. Additionally, certain governmental grants, such as Pell grants, and payments from other federal, state or nongovernmental programs, are required to be recorded as either operating or nonoperating revenues in the University's financial statements. To the extent that revenues from such programs are applied to tuition, fees, and other student charges, the University has reported a corresponding scholarship discount or allowance.

All investments must be fully collateralized with such collateral being evidenced by a bonded, third-party custody receipt provided to the campus making the investment. Collateral may be of three types including: (a) United State government securities, (b) securities of agencies of the United States, or (c) general obligation bonds of cities, counties, or school districts of the state of Arkansas. #### Refunding of Debt

##### Arkansas State University-Jonesboro

On December 20, 2017, the University issued \$11,740,000 in tax exempt refunding bonds for the Jonesboro campus with interest rates of 3 to 4 percent to refund \$4,360,000 of outstanding bonds, with an unamortized discount of \$16,641, dated December 7, 2010 with interest rates of 2 to 4.125 percent and to advance refund \$7,920,000 of outstanding bonds, with an unamortized discount of \$61,675, dated March 19, 2009 with interest rates of 3 to 5.1 percent. Net proceeds of \$12,141,591, after payment of \$178,358 for bond issuance costs and a premium of \$579,949 were remitted to an escrow agent to provide for all future payments of the defeased bonds. Additionally, \$593,870 was transferred from the debt service reserve of the 2009 issue. U.S. Treasury obligations of \$12,735,461, purchased by the escrow agent, were pledged for the retirement of these bonds. As a result of this refunding, the 2009 Series bonds and the 2010 Refunding Series bonds are considered to be defeased and the liability for those bonds has been removed from the Statement of Net Position. The 2010 bonds were called on January 22, 2018 and the 2009 bonds will be called on March 1, 2019. The University refunded the bonds to reduce its total debt service payments by \$2,503,501 over the next twenty (20) years and to obtain an economic gain of \$1,316,345. The refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$685,331. This difference, reported in the accompanying financial statements as a deferred outflow of resources, will be amortized through the year 2039 using the straight-line method. Additionally, the 2010 Refunding Series had an unamortized difference between the reacquisition price and the net carrying amount of \$91,652. This will continue to be amortized through the year 2031 using the straight-line method.

The University's and participants' contributions for the year ended June 30, 2018 were \$1,281,706 and \$1,083,670, respectively.

**VOYA**

**Plan Description**

The Mid-South campus participates in VOYA, a defined contribution plan. The plan is a 403(b) program as defined by Internal Revenue Service Code of 1986 as amended, and is through VOYA. The plan offers fixed and variable annuities. Arkansas law authorizes participation in the plan.

**Funding Policy**

The mandatory employee contribution is 6%, and the University contributes 10% of earnings for all eligible employees. The campus contributes 14% of earnings for employees hired prior to July 1, 2016. Employees may also make voluntary contributions to the plan subject to current regulations. Employees vest after one year of service. For employees who do not meet the vesting requirement, the employer contributions are considered forfeited and are used to offset future employer contributions. During fiscal year 2018, there were no forfeitures applied to employer contributions. The University's and participants' contributions for the year ended June 30, 2018 were \$588,155 and \$350,302, respectively.

**Defined Benefit Pension Plans**

**Arkansas Teacher Retirement System**

**Plan Description**

The University contributes to the Arkansas Teacher Retirement System (ATRS), a cost-sharing multiple-employer defined benefit pension plan. The plan was established by the authority of the Arkansas General Assembly with the passage of Act 266 of 1937. The general administration and responsibility for the proper operation of the System is vested in the fifteen members of the Board of Trustees of the Arkansas Teacher Retirement System. Detailed information about ATRS's fiduciary net position is available in the separately issued ATRS Financial Report available at <http://www.artrs.gov/publications>.

**Benefits Provided**

Benefit provisions are set forth in Arkansas Code Annotated, Chapter 24 and may only be amended by the Arkansas General Assembly. ATRS provides retirement, disability and death benefits. Members are eligible for full retirement benefits at age 60 with five or more years of credited service or at any age with 28 or more years of credited service. Members with 25 years of credited service who have not attained age 60 may receive an annuity reduced by 5/12 of 1% multiplied by the number of months by which the early retirement precedes the earlier of (1) completion of 28 years of credited service or (2) attainment of age 60. The normal retirement benefit, paid monthly, is determined based on (1) the member's final average salary (effective April 1, 1998, computed using highest three years salary) and (2) the number of years of service.

Disability retirement benefits are payable to members who are vested and demonstrate total and permanent incapacity to perform the duties of their position while in active employment. The disability annuity is computed in the same manner as the age and service annuity.

Survivor benefits are payable to qualified survivors upon the death of an active, vested member. Eligible spouse survivors receive a survivor annuity that is based on the member's years of service credit prior to their death, and minor child survivors receive a percentage of the member's highest salary earned. ATRS also provides a lump sum death benefit for active and retired members with 10 years of actual service. The amount for contributory members will be up to \$10,000 and up to \$6,667 for noncontributory members. The amount will be prorated for members who have both contributory and noncontributory service. Members with 15 or more years of contributory service will receive the full \$10,000.

A cost of living adjustment (COLA) is payable on July 1 of each year to retirees, certain survivors, and annuity beneficiaries who received monthly benefits for the previous 12 months. The COLA is calculated by multiplying 100% of the member's base retirement annuity by 3%.

Act 1096 of 1995 created a teacher deferred retirement option plan (T-DROP) for members with 30 or more years of service credits. Act 1590 of 1999 allows for participation in the T-DROP after 28 years of credited service with a reduction of 6% for each year under 30 years. Effective September 1, 2003, Act 992 of 2003 requires employers to make contributions on behalf of all members participating in T-DROP at rates established by the Board of Trustees. Member election to enter T-DROP is irrevocable, and additional service credit cannot be accumulated. During participation in T-DROP, ATRS will credit the member account with plan deposits and interest. The plan deposits are the member's normal retirement benefit reduced by 1% for each year of service. For members who entered T-DROP prior to September 1, 2003, the reduction is 1/2 of 1% (.5%) for contributory service and 3/10 of 1% (.3%) for noncontributory service for each year above 30 years of service. The T-DROP account accrues interest at a variable rate that is set annually by the ATRS Board of Trustees. T-DROP deposits into member accounts cease at the completion of 10 years of participation in the program; however, a member may continue employment and will continue to receive interest on the account balance at the 10-year plus interest rate that is also set annually by the Board of Trustees. When T-DROP participation ceases, the member may receive the T-DROP distribution as a lump-sum cash payment or an annuity or may roll it over into another tax-deferred account. A member may also elect to defer all or part of the distribution into a T-DROP cash balance account held by ATRS.

The University no longer offers new employees the option of electing Arkansas Teacher Retirement System as a retirement plan. Employees who had already elected this option will continue to participate in the plan. This became effective on July 1, 2011 for the Jonesboro, Beebe, Mountain Home and Newport campuses and June 8, 2015 for the Mid-South campus.

The University reported payables to ATRS in the amount of \$54,450 as of June 30, 2018. This amount has been reported on the Statement of Net Position as a current liability.

**Contributions**

ATRS has contributory and noncontributory plans. The contributory plan has been in effect since the beginning of ATRS. The noncontributory plan became available July 1, 1986. Act 81 of 1999, effective July 1, 1999, requires all new members to be contributory and allowed active members as of July 1, 1999, until July 1, 2000, to make an irrevocable choice to be contributory or noncontributory. Act 93 of 2007 allows any noncontributory member to make an irrevocable election to become contributory on July 1 of each fiscal year.

ATRS's funding policy provides for periodic employer contributions at statutorily established rates based on annual actuarial valuations. The employer contribution rate was 14% for the fiscal year ending June 30, 2018. Contributory members are required to contribute 6% of gross wages to ATRS. Employee contributions are refundable if ATRS-covered employment terminates before a monthly benefit is payable. Employee contributions remaining on deposit with ATRS for a period of one or more years earn interest credits, which are included in the refund.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

The collective net pension liability of \$4,203,863,874 was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. Each employer's proportion of the net pension liability was based on the employer's share of contributions to the pension plan relative to the total contributions of all participating employers.

At June 30, 2018, the University reported a liability of \$12,297,190 for its proportionate share of the net pension liability. At June 30, 2017, the University's proportion was .29% of the collective net pension liability.

For the year ended June 30, 2018, the University recognized pension expense of (\$263,487). At June 30, 2018, the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 170,421	\$ 301,443
Changes of assumptions	3,285,887	
Net difference between projected and actual earnings on pension plan investments		868,591
Changes in proportion and differences between employer contributions and proportionate share of contributions	72,340	2,225,643
Contributions subsequent to the measurement date	1,085,490	
<b>Totals</b>	<b>\$ 4,614,138</b>	<b>\$ 3,395,677</b>

\$1,085,490 reported as deferred outflows of resources related to pensions resulting from University contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<b>Fiscal Year Ending June 30,</b>	<b>Amount</b>
<b>2019</b>	<b>\$ (427,545)</b>
<b>2020</b>	<b>414,862</b>
<b>2021</b>	<b>187,906</b>

<b>2023</b>	<b>240,136</b>

**Actuarial Assumptions**

The total pension liability, net pension liability, and certain sensitivity information was determined by an actuarial valuation as of June 30, 2017. The significant assumptions used in the valuation and adopted by the ATRS Board of Trustees were as follows:

<b>Actuarial cost method</b>	Entry age normal
<b>Amortization method</b>	Level percentage of payroll, closed
<b>Remaining amortization period</b>	29 years
<b>Asset valuation method</b>	4-year closed period; 20% corridor
<b>Wage inflation</b>	2.75%

<b>Investment rate of return</b>	7.50% compounded annually

**Mortality table**

RP-2014 Healthy Annuitant, Disabled Annuitant, and Employee Mortality Tables were used for males and females. Mortality rates were adjusted using projection scale MP-2017 from 2006.

Table	Scaling Factor	
	Males	Females
Healthy Annuitant	101%	91%
Disabled Annuitant	99%	107%
Employee Mortality	94%	84%

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period July 1, 2010 through June 30, 2015.

Investment Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return were adopted by the plan's trustees after considering input from the plan's investment consultant and actuary.

For each major asset class that is included in the pension plan's target asset allocation as of June 30, 2017, these best estimates are summarized in the following table:

<b>Asset Class</b>	<b>Target Allocation</b>	<b>Long-Term Expected Real Rate of Return</b>
<b>Total equity</b>	<b>50%</b>	<b>5.0%</b>
<b>Fixed income</b>	<b>20%</b>	<b>1.2%</b>
<b>Alternatives</b>	<b>5%</b>	<b>4.8%</b>
<b>Real Assets</b>	<b>15%</b>	<b>3.7%</b>
<b>Private equity</b>	<b>10%</b>	<b>6.5%</b>
<b>Cash equivalents</b>	<b>0%</b>	<b>0.3%</b>
<b>Total</b>	<b>100%</b>	

Discount Rate

A single discount rate of 7.50% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments of 7.50%. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be 14% of payroll. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the proportionate share of the net pension liability using the discount rate of 7.50%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.5%) or 1 percentage point higher (8.5%) than the current rate:

	1% Decrease (6.50%)	Current Discount Rate (7.50%)	1% Increase (8.50%)
<b>University's proportionate share of the net pension liability</b>	<b>\$ 19,697,113</b>	<b>\$ 12,297,190</b>	<b>\$ 6,162,631</b>

**Arkansas Public Employees Retirement System**

Plan Description

The University (other than the Mid-South campus) contributes to the Arkansas Public Employees Retirement System (APERS), a cost-sharing multiple-employer defined benefit pension plan. The plan was established by the authority of the Arkansas General Assembly with the passage of Act 177 of 1957. The costs of administering the plan are paid out of investment earnings. The general administration and responsibility for the proper operation of the System is vested in the nine members of the Board of Trustees of the Arkansas Public Employees Retirement System. Detailed information about APERS's fiduciary net position is available in the separately issued APERS Financial Report available at <http://www.apers.org/annualreports>.

Benefits Provided

Benefit provisions are established by state law and may be amended only by the Arkansas General Assembly. Members are eligible for full benefits under the following conditions:

- At age 65 with 5 years of service,
- At any age with 28 years of actual service,
- At age 60 with 20 years of actual service if under the old contributory plan (prior to July 1, 2005), or
- At age 55 with 35 years of credited service for elected or public safety officials.

The normal retirement benefit amount, paid on a monthly basis, is determined by the member's final average salary and years of service. A member may retire with a reduced benefit at age 55 with at least five years of actual service or at any age with 25 years of actual service. APERS also provides for disability and survivor benefits.

As of January 1, 2012, the University no longer offers new employees the option of electing Arkansas Public Employees Retirement System as a retirement plan. Employees who had already elected this option will continue to participate in the plan.

The University reported payables to APERS in the amount of \$21,818 as of June 30, 2018. This amount has been reported on the Statement of Net Position as a current liability.

Contributions

Contribution provisions applicable to the participating employers are established by the Board and based on the actuary's determination of the rate required to fund the plan. The additional cost of public safety service for public safety employees is determined by the actuary as well.

The System was established as a contributory plan. However, with the passage of Act 793 of 1977, existing members and previous members were offered the opportunity to choose to become non-contributory members. Anyone who joined the System subsequent to January 1, 1978 and had not previously been a member was automatically enrolled as a non-contributory member.

Act 2084, enacted by the 2005 General Assembly, directed APERS to establish a new contributory plan that became effective July 1, 2005. All covered employees first hired on or after July 1, 2005, contribute 5% of their salary into the plan. Employees hired before June 30, 2005 who were in the non-contributory plan were given the option to join the new contributory plan by December 31, 2005. Non-contributory members who did not join the new contributory plan by that deadline remain non-contributory members.

Members may have employee contributions in the System if (a) they were members of APERS on or before January 1, 1978, (b) they are members first hired after July 1, 2005, or (c) they have purchased service in the System.

Employee contributions are refundable if APERS-covered employment terminates before a monthly benefit is payable. Employee contributions remaining on deposit with APERS can earn interest (at the rate of 4% per year), which is included in the refund. Pursuant to the provisions of Act 625 of 1983 and Act 1097 of 1993, certain agencies employing individuals in public safety positions are required to remit additional contributions in amounts determined by an independent actuary.

Employee refunds do not include contributions made by the employers. Employers contributed 14.75% of compensation for the fiscal year ended June 30, 2018.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

The collective net pension liability of \$2,584,140,475 was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. Each employer's proportion of the net pension liability was based on the employer's share of contributions to the pension plan relative to the total contributions of all participating employers.

At June 30, 2018, the University reported a liability of \$8,480,922 for its proportionate share of the net pension liability. At June 30, 2017, the University's proportion was .33% of the collective net pension liability.

For the year ended June 30, 2018, the University recognized pension expense of \$1,034,710. At June 30, 2018, the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
<b>Differences between expected and actual experience</b>	<b>\$ 164,107</b>	<b>\$ 166,800</b>
<b>Changes of assumptions</b>	<b>1,364,567</b>	
<b>Net difference between projected and actual earnings on pension plan investments</b>	<b>355,376</b>	
<b>Changes in proportion and differences between employer contributions and share of contributions</b>	<b>7,961</b>	<b>1,038,427</b>
<b>Contributions subsequent to the measurement date</b>	<b>771,954</b>	
<b>Totals</b>	<b>\$ 2,664,265</b>	<b>\$ 1,205,227</b>

\$771,954 reported as deferred outflows of resources related to pensions resulting from University contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<b>Fiscal Year Ending June 30,</b>	<b>Amount</b>
<b>2019</b>	<b>\$ 18,034</b>
<b>2020</b>	<b>446,944</b>
<b>2021</b>	<b>338,676</b>
<b>2022</b>	<b>(116,570)</b>

**Actuarial Assumptions**

The total pension liability, net pension liability, and certain sensitivity information was determined by an actuarial valuation as of June 30, 2017. The significant assumptions used in the valuation and adopted by the APERS Board of Trustees, were as follows:

<b>Actuarial cost method</b>	Entry age normal
<b>Discount rate</b>	7.15%
<b>Inflation rate</b>	3.25%
<b>Salary increases</b>	3.25% - 9.85%
<b>Investment rate of return*</b>	7.15%
<b>Mortality rate table</b>	RP-2000 Combined Healthy, projected to 2020 using projection scale BB, set-forward two years for males and one year for females

\*Net of investment and administrative expenses

All other actuarial assumptions used in the June 30, 2017 valuations were based on the results of an actuarial experience study for the period from July 1, 2007 through June 30, 2012, and were applied to all prior periods included in the measurement.

**ARKANSAS STATE UNIVERSITY SYSTEM  
NOTES TO FINANCIAL STATEMENTS

**Investment Rate of Return**

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for the 10-year period from 2017 - 2026 were based upon capital market assumptions provided by the plan's investment consultant. For each major asset class included in the plan's target asset allocation as of June 30, 2017, these best estimates are summarized in the following table:

<b>Asset Class</b>	<b>Target Allocation</b>	<b>Long-Term Expected Real Rate of Return</b>
<b>Broad domestic equity</b>	<b>37%</b>	<b>5.97%</b>
<b>International equity</b>	<b>24%</b>	<b>6.54%</b>
<b>Real assets</b>	<b>16%</b>	<b>4.59%</b>
<b>Absolute return</b>	<b>5%</b>	<b>3.15%</b>
<b>Domestic fixed</b>	<b>18%</b>	<b>0.83%</b>
<b>Total</b>	<b>100%</b>	

**Discount Rate**

A single discount rate of 7.15% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments of 7.15%. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate**

The following presents the proportionate share of the net pension liability using the discount rate of 7.15%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.15%) or 1 percentage point higher (8.15%) than the current rate:

	<b>1% Decrease (6.15%)</b>	<b>Current Discount Rate (7.15%)</b>	<b>1% Increase (8.15%)</b>
<b>University's proportionate share of the net pension liability</b>	<b>\$ 12,915,352</b>	<b>\$ 8,480,922</b>	<b>\$ 4,798,813</b>

Plan Description

The University's defined benefit OPEB plan, ASU System OPEB Plan (the Plan), provides postemployment benefits to all employees who officially retire from the University and meet certain age- and service-related requirements. The Plan is a single-employer defined benefit OPEB plan administered by the University. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement no. 75.

Benefits Provided

Employees between the ages of fifty-five (55) and sixty (60) shall become eligible for early retirement benefits in the calendar year in which the sum of their age and the number of years of continuous benefits eligible service to the University totals seventy (70).

Employees sixty (60) years of age and older are eligible for early retirement benefits in the calendar year in which they have at least ten (10) years of continuous benefits eligible service to the University. Certain employees who retire under a voluntary retirement window approved by the Board of Trustees of Arkansas State University are also eligible for benefits.

Employees electing retirement will receive the following benefits:

- Medical benefits – Pre-Medicare benefits are available to retirees and their eligible dependents (if covered at the time the employee retires) under the Cigna Open Access Plus plan.
- Life insurance benefits – The beneficiary of a retiree who dies prior to age 65 receives an amount equal to 1.5 times the retiree's final salary immediately prior to retirement, rounded to the next highest multiple of \$1,000. The maximum benefit is \$50,000. Benefits are not payable to a beneficiary of a retiree who dies after attaining age 65. Some current retirees from the Mid-South campus are eligible for a life insurance benefit of \$20,000. This benefit continues beyond age 65 for the lifetime of the retiree.

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2018**

Medical contributions are equal to one-half of the total combined employee and employer premium cost. When a retiree dies or becomes eligible for Medicare, spouses may continue coverage until they become eligible for Medicare by paying 100% of the employee plus employer premium cost. Retirees from the Mid-South campus who retired prior to July 1, 2017 pay a reduced rate per month for coverage.

No contributions are required for the life insurance benefit.

The discount rate is the average of the Bond Buyer 20-Bond GO Index, the S & P Municipal Bond 20 Year High Grade Rate Index, and the Fidelity GO AA – 20 Year Index as of the measurement date.

Mortality rates are based on recent research by the Society of Actuaries.

Healthcare cost trend rates are developed each year with the actuary's near-term expectations and the SAO Getzen Long-Term Healthcare Cost Trend model.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study from June 30, 2016, based on census data from 2013 – 2016.

SELF INSURANCE PROGRAM**

Beginning July 1, 1994, Arkansas State University established a self-funded health benefit plan for employees and their eligible dependents. All campuses of the University participate in the program, which is administered by Cigna.

At June 30, 2018, approximately 4,284 active employees, their dependents, former employees and retirees were participating in the program. For those participating in single coverage, the University pays 84% of the total premium. The University pays 74% of the total premium for those participating in full family coverage, 70% for those participating in employee and spouse coverage, and 69% for those participating in employee and children coverage. Retirees, including early retirees, pay 50% of their coverage and the University covers the other 50%. The University does not offer insurance to retirees or their spouses who are eligible for Medicare. A retiree's spouse can continue coverage after the retiree becomes eligible for Medicare at a cost of 100% of the single coverage rate until they too are eligible for Medicare.

The University estimates its unpaid health claims liability at June 30, 2018 to be \$1,654,795 with Cigna. This liability is established for incurred but not reported medical and pharmacy claims and is based on the calculation prepared by Lockton. Details of this liability are shown below.

<b>Unpaid Claims Liability</b>	
<b>Fiscal Year 2018</b>	
<b>Unpaid claims, 7-1-2017</b>	<b>\$ 1,406,353</b>

<b>Total payments</b>	<b>20,878,837</b>
<b>Unpaid claims, 6-30-2018</b>	<b>\$ 1,654,795</b>

The University purchases specific reinsurance to reduce its exposure to large claims. HCC Life is the reinsurance carrier. Under the specific arrangement, the reinsurance carrier pays for claims for covered employees that exceed \$275,000.

**NOTE 16.**  
**RISK MANAGEMENT**

The University is exposed to various risks of loss including, but not necessarily limited to torts; theft of, damage to, and destruction of assets; errors and omissions; nonperformance of duty; injuries to employees; and natural disasters. In response to this diverse risk exposure, the University has established a comprehensive risk management approach including, where acceptable and prudent, retention of the associated risks to the extent that funds are available from general operations or reserves to cover losses. In those situations where risk retention has been deemed not acceptable or prudent, the University has practiced risk transfer through participation in the State of Arkansas's risk management programs or through the purchase of commercial insurance coverage.

The University participates in the Arkansas Fidelity Bond Trust Fund administered by the Government Bonding Board. The fund provides coverage of actual losses incurred as a result of fraudulent or dishonest acts committed by state officials or employees. Each loss is limited to \$300,000 with a \$2,500 deductible. Premiums for coverage are remitted by the Arkansas Department of Finance and Administration from funds deducted from the University's state treasury funds.

The University secures vehicle insurance coverage through participation in the Arkansas Multi-Agency Insurance Trust Fund administered by the Risk Management Division of the Arkansas Insurance Department. The general objective of the program is to allow participating agencies an affordable means of insuring their vehicle fleets. The University pays an annual premium for this coverage. The fund provides a coverage pool, but, employs a reinsurance policy to reduce its exposure to large losses.

The University also participates in the Worker's Compensation Revolving Fund administered by the Arkansas Department of Finance and Administration. Premium assessments are determined annually by the Department of Finance and Administration and deducted on a quarterly basis from the University's state treasury funds.

Additional information relating to the state's insurance plans and funds is available in the State of Arkansas's Annual Comprehensive Financial Report.

The University also purchases commercial property insurance coverage to indemnify against unacceptable losses to buildings and business personal property through participation in the Arkansas Multi-Agency Insurance Trust Fund administered by the Risk Management Division of the Arkansas Insurance Department. Decisions concerning the appropriate retention levels and types of coverage are made by the campus administrators. During the past three fiscal years, no claims have exceeded the amount of coverage. There have been no significant reductions in insurance coverage from the prior year in the major categories of risk. The University pays an annual premium for this coverage. The fund provides a coverage pool, but, employs a reinsurance policy to reduce its exposure to large losses.

Additional policies purchased by the University include a group accident policy that provides accidental death and dismemberment and accident medical expenses coverage for certain categories of participants in intercollegiate sport activities of the university; a business travel policy that provides accidental death and dismemberment, medical evacuation and repatriation coverage for individuals traveling on university business; a comprehensive policy to cover costs and provide assistance in certain crisis events involving university directors, officers, employees, faculty and students; a foreign commercial package policy that provides coverage for foreign commercial general liability, auto liability/physical damage, voluntary compensation and employers liability and foreign travel accident and sickness; and a cyber breach response policy that provides coverage for a variety of losses that may result from a data breach.

The University has restated its fiscal year beginning net position in accordance with GASB no. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. GASB no. 75 was issued in June 2015 and amended GASB no. 45. This statement became effective for fiscal years beginning after June 15, 2017. The University has chosen to restate the FY 18 beginning net position and to display only the FY 18 financial statements rather than comparative statements.

This Statement establishes accounting and financial reporting standards for defined benefit other postemployment benefits (OPEB) and defined contribution OPEB that are provided to the employees of state and local governmental employers through OPEB plans that are administered through trusts or equivalent arrangements or that are not administered through trusts.

The adoption of GASB Statement no. 75 had the following impact on the financial statements for the year ended June 30, 2018:

FY 18 Beginning Net Position	\$356,686,022

On September 12, 2018, a judge ordered the University and the University of Miami use a third-party mediator to resolve a dispute over a football game that was canceled during 2017 because of concerns about Hurricane Irma. Miami was scheduled to play at Jonesboro in September 2017 as part of a two-game contract that included the University traveling to Miami in 2014. The game in Jonesboro was canceled because of weather-related travel issues. The University sued the University of Miami in February seeking \$650,000 in damages because the game wasn't rescheduled. The judge in Miami gave both sides until December 20, 2018 to settle the issue through mediation. Miami has argued that the game contract should be voided because the hurricane was an unavoidable event.

On November 14, 2018, both universities agreed to dismiss lawsuits related to the cancellation of the football game. In the settlement agreement, Miami agreed to pay the University \$400,000. The cancelled game will not be rescheduled according to the agreement.
