

WORKFORCE DEVELOPMENT

BASICS OF WELDING

Tuesdays
Sept. 19 - Nov. 28

6 - 10 p.m.

Cost: \$700

Includes tuition and supplies.
Students must supply their own welding
helmet and welding gloves.

Hours: 40 Classroom Hours (4 CEUs)

ASU-Beebe Searcy Campus

1800 East Moore Ave.

Searcy, AR 72145

Our Basics of Welding course is designed to give you a foundation in welding techniques and safety practices. You'll explore most of the commonly used welding processes, but techniques covered in class can be modified based on your welding ability.

Upon completing this course, you'll possess the fundamental knowledge and hands-on experience you need to pursue a career in welding, and you'll have training and skills necessary for completing the American Welding Society test.

WORKFORCE DEVELOPMENT

COMMUNICATION SKILLS **FOR** **LEADERSHIP** SUCCESS

Monday, Sept. 25

— And —

Tuesday, Sept. 26

6 - 8 p.m.

Cost: \$150

ASU-Beebe Searcy Campus
1800 East Moore Ave.
Searcy, AR

Communication Skills for Leadership Success

is designed to provide a framework for communication and planning for important conversations in a neutral environment.

Participants will apply best practices to real conversations they want to have with their teams and gain useful tools to make those conversations productive.

WORKFORCE DEVELOPMENT

THIS TRAINING WILL TAKE PLACE AT OUR
SEARCY CAMPUS

FORKLIFT OPERATION

Tuesday, Oct. 3

9 a.m. - Noon

*Plus extra forklift
operating time*

Cost: \$100

**Includes classroom
instruction and drive time**

Our Forklift Operator training course

explains and displays training standards for employees who operate forklifts as part of their job.

Topics include forklift basics, types of forklifts and forklift body parts, inspection checks, material handling and pedestrian awareness.

This class is designed to provide the basic skills of operating a forklift through classroom instruction and by operating a forklift to apply the content taught during the class.
