Patient Care Technology

The Patient Care Technology program will introduce students to curricula in Nursing Assistant, EKG/Telemetry, Phlebotomy, Emergency Medicine, and medical Terminology. The program includes face-to-face and online instruction as well as a variety of lab activities for the critical hands-on learning. Students who complete the program will be eligible to test and receive a national certification in Patient Care Technology making them much more employable as Patient Care Technicians. Students who wish to pursue further study may do so with credits earned.

CERTIFICATE OF PROFICIENCY
PATIENT CARE TECHNICIAN

Total Program = 14 Credit Hours

The fourth digit in the course number indicates the number of credit hours

Requirements – 14 hours	Department
